

RAJVEERSINH KARANSINH CHAVDA

ASPIRING SOFTWARE DEVELOPER

91-77*****85

rajveerchavda5643@gmail.com

Ahmedabad, Gujarat

SUMMARY

I am an enthusiastic IT student with a strong passion for software development, cloud technologies, and web development. I possess industry-recognized certifications and have gained practical experience by actively working on various projects. I am skilled in programming languages like Python and Java, along with frameworks such as Django. I am committed to continuous learning, improving problem-solving skills, and contributing positively to technology-driven environments.

EDUCATION

B.E.inComputer Engineering

Apollo Institute of Engineeringand Technology

CGPA : 8.52/10

08/2022 - 06/2026

HSC Science

New Noble School of Science

Percentage : 60%

04/2020 - 03/2022

SKILLS

| | | | | | |
|--------------------|-----------|----------|----------------|-----------------|------|
| GitHub | Python | Java | C/C | JavaScript | HTML |
| CSS | Bootstrap | jQuery | Reactjs | Django | |
| Visual Studio Code | | Git | Streamlit | Data Structures | |
| SQLite | ECommerce | Tailwind | Webdevelopment | ccc | |

TRAINING/COURSES

- Full-Stack Development Training [🔗](#)

from Hi-Tech Bapunagar

- CreArt Solutions Pvt. Ltd. — Python & Django Internship Training [🔗](#)

Duration: 2 July 2025 – 16 July 2025 (15 Days)

CERTIFICATIONS

- AI for Manufacturing — Intel [🔗](#)

- Career Essentials in Cybersecurity — Microsoft & LinkedIn

- AI for Students: Build Your Own Generative AI Model — NxtWave (2024) [🔗](#)

- Odoo x CGC Mohali Hackathon 2025 — Certificate of Participation [🔗](#)

Participated in the national-level hackathon organized by Odoo in collaboration with CGC University Mohali, held from 30–31 August 2025.

Portfolio

chavdarajveersinh

Rajveersinh Karansinh Chavda

KEY ACHIEVEMENTS

- Project Completion

Completed over 10 projects in front-end and back-end development demonstrating strong software development skills

- Problem-Solving Skills

Improved problem-solving abilities by engaging in self-driven coding challenges and personal projects

- Full-Stack Development Certification

Successfully completed Full-Stack Development Certification from Hi-Tech Bapunagar

- Hackathon Participation

Participated in National-Level Hackathon

PROJECTS

CivicTrack [🔗](#)

08/2025-08/2025

Mohali, Punjab

Civic Issue Reporting Platform developed during Odoo CGC Mohali Hackathon

- Designed and developed a community-driven web platform for civic issue reporting with geolocation and image uploads
- Integrated real-time status tracking, map-based visualization, advanced search & filters, and analytics dashboard
- Implemented role-based access control to improve communication and resolution workflows

AGV Route Optimization in E-Commerce Warehouses [🔗](#)

07/2025-07/2025

- Optimized AGV routing in warehouses using the A* algorithm to reduce delays and avoid obstacles
- Built a visualization tool using Streamlit for dataset-based simulations

Saharathi AI [🔗](#)

08//2025-08/2025

- Integrated mood tracking, journaling, and breathing guidance using Google Cloud Tools

TrinityEd [🔗](#)

09/2025-09/2025

- Developed an AI-based platform to predict student dropouts through early identification strategies
- Implemented machine learning models to analyze attendance and risk factors
